

On This Side Of The Sun

By Phat

The greatest prevaricator on record is the guy who called it "gentle" Spring. It was kind of rugged here.

THE WEATHER—Everybody blames me for the heat. They say that every time I brag about our great climate, it turns sour. . . . Well, why won't it work in reverse? . . . Frank Partridge says that a man at the postoffice dropped a bag of pop-corn and three people froze to death. Thought it was snow when the hot sidewalk popped the kernels forthwith. . . . And Bill Fadden tells about a soldier patient at Torney who walked down the drive Tuesday just as the sun went behind the mountains. "Thank the Lord, the blankety-blank sun has set at last," he said. . . . Let's see how the above comments work.

MUSIC—Don't know what was at the head of the Hit Parade last Saturday night. People I was with at the time had been negotiating with the bookies and insisted on listening to the race results instead of the Hit Parade. . . . Next to "Sentimental Journey," think "All at Once" and "I Should Care" will be tops soon. . . . Johnny Warburton celebrated his birthday at the Pago Pago, Monday—and it would have been a treat for the Los Compadres club. He sang all of those old western numbers, "Wagon Wheels," "Empty Saddles," "Last Round Up" and so on. Good, too.

THE VILLAGE—Mrs. Jud Osborn is proud possessor of a Japanese doll, sent her by a soldier who found it on Okinawa. . . . Harry Oliver of Thousand Palms has an idea. He'd have the city plant trees along the wash east of town and construct a scenic driveway there. "Best view of the mountains and a good look at the desert," he said. "Anyway, what's the Village got to sell but desert and view?" he asked. . . . The Village treats its errand citizens kindly. Coolest spot in town is the city jail. Well, it's the cooler, isn't it?

THIS AND THAT—The medical offspring, who gets his J.G. and M.D. tomorrow in Boston, was here last week. Hitch-hiked via plane and came from Boston to Palm Springs in less than two days. . . . Said that a friend of his, also in the Navy, was asked by a woman what he was going to be. "Oh, I'm going to be a naval surgeon," he said. "My, what a limited field," she commented. . . . Hedda Hopper wrote this week that Pvt. Rosemary Sharpless, who won the Bernard of Hollywood and Desert Sun Portrait of the Season contest, may get a postwar contract with Warner Brothers. She was given two days work in the picture "Confidential Agent" as a prize for winning the contest and, according to Miss Hopper, they liked her so well that she may get a permanent place in the pictures.

ODDS AND ENDS—Recently the Chamber of Commerce decided that during the summer months, the first Wednesday of each month would be "Town Meeting Day" when all organizations in town would get together. . . . Idea was to prevent the customary rash of meetings here. . . . But the very first one hit a snag. The first Wednesday in July is a holiday. . . . the Fourth. That leaves one in August and one in September. . . . With butter so hard to get, that news item the other day that 20,000 tons of the product are to be sent Russia is rather surprising. Especially, since the Russians aren't used to butter—and we are.

FAN MAIL—"Who cares whether you wear your shirt inside or outside of your pants?" came a card this week. "In fact, who cares whether you wear a shirt—or pants?" Lady, I do. "How about more sidewalks in town?" asks C.M. "Then I wouldn't have to wear out my brake-linings trying to avoid hitting all these people who wander aimlessly on the streets." . . . Charley Lilly of the ice plant, says: "If you want twine around your ice, come down here and tie it on. We've got the twine, but can't find any workers to put it on." Which caused Mrs. T. to suggest that they hang the twine outside. . . . and let people wrap their own.

MORE MAIL—"I used to think there were only two kinds of corn. One came on cobs, the other in bottles. But now I know there are three kinds. The third comes in the first column of The Sun each week," commented a disagreeable Villager this week. . . . "I'd rather be in the Column than any place else in The Sun," said an agreeable citizen yesterday. . . . All right, he'll get there. George Dennis was seen dining at the Village Sandwich shop this week. How's that?

FINALLY—Arthur E. Bailey and Councilman Maurice McCann were at Big Bear fishing this week. They solved the red point problem of a lot of Villagers by bringing back lots of trout for the Friday dinner. . . . It's MISTER Rachael now. The former sergeant at the air base had enough points and was discharged. But he's at his old public relations job at the base—the same job he had as a soldier. The stipend is not the same, however.

Municipal Swimming Pool to Open Next Tuesday

Phone and Radio Save Pilot's Life

Instructions from Inglewood Rescue Flyer Over Village

Possible death or injury for First Lieutenant Luther Feagin of Long Beach, and the total destruction of the P-51 Mustang he was piloting, was narrowly averted here Monday, in one of the most dramatic real life incidents any Hollywood director would have spent thousands to record on film.

Lt. Feagin, who could only bring one wheel of his plane's landing gear down was literally "talked in" via telephone by the chief test pilot of the North American Aviation Company in Inglewood, more than 100 miles distant, whose instructions on how to disengage the other wheel for a safe landing was relayed from the control tower by short wave radio to the pilot.

DOOR STICKS
Lt. Feagin, who is test pilot for the 5th OTU, had just received instructions to enter the flight pattern preparatory to landing. However, in letting his landing gear down, one wheel refused to budge from its position. The fairing door which closes over the wheel in its folded position under the wing was stuck. The pilot who has had more than 200 hours of combat flying in North Africa, tried everything he knew to disengage the wheel. For more than an hour, he circled the field talking to the tower and putting his plane through all sorts of acrobatics in an effort to right his landing gear, and all of the time his gasoline supply was dwindling.

Present on the field by just mere luck, was a representative of the North American Aviation Co. Obtaining permission to ascend the control tower, he called the chief test pilot of his company. The long distance telephone call completed with alacrity, the drama began. Holding the telephone with one hand, this unknown representative of the aviation company repeated into a microphone the instructions being given to him by the chief test pilot; but to no avail.

GAS SUPPLY LOW
Conferences were held between various officers who evaluated the situation from every angle, and tried to decide what move to make next. By this time, the gas supply was really low, and some discussion with the pilot about a belly landing took place. However, this was decided against because while one landing gear was down, it would make such a landing extremely dangerous.

At last came the decision that the pilot would fly his ship to the extreme end of the field and bail out. During all this time the test pilot at the North American Aviation Company was continuing his suggestions to Lt. Feagin.

As a final suggestion he was told to put the plane into a violent skid by applying the full right rudder without banking which would cause the craft to skid to the left. The resultant pressure of the air in the skid at last forced the fairing door open, and the other wheel dropped into position.

Zoning Request Presented Council
Report of the Chamber of Commerce asking that the county planning commission take action toward zoning of highways approaching Palm Springs was filed with city council meeting yesterday noon.

City council previously had taken similar action.

Ambitious Thief Gets Grill's Car

Here's one that sets some sort of a record.
Ernest Grill, local real estate broker, driving to Cathedral City Tuesday, suddenly felt that disarming bumping that goes with a flat tire. He got out to change the tire and found that part of his tire jack was missing. So he set out to the nearest house to telephone a garage for help.

When he got back an hour later, there was no car.
An ambitious thief, apparently mechanically-minded, had improvised a jack, changed the tire and driven off with the car.
"Sure, I left the keys in it but with a flat tire, I thought it was safe enough. Whoever stole it, must have wanted to get some place in a hurry—to change a tire in all that heat," said Grill. "Wish I'd got back just as he had it fixed."

Risks Life to Save Valuable Installations

Seaman Kay, civilian employee at the 5th Operational Training Unit base, local army air field, is recovering steadily at Torney General Hospital from burns received when he saved valuable installations at the air base at the risk of his own life.
Kay, with no regard to personal safety, jumped to the driver's seat of a gasoline truck which caught fire near huge gasoline storage tanks at the field, and drove it to a place where it could do no damage. His clothing was ablaze when he leaped out of the truck but his heroic act prevented a possible serious explosion.

The truck burst into flame when leaking gasoline hit a hot exhaust pipe.
Kay plans to return to his home in San Jose when he is discharged from Torney, possibly in another week.

Long Awaited X-Ray Machine Reaches Village

At long last, as the saying goes, the X-Ray machine, purchased by the Welfare and Friendly Aid association in February, 1944, has arrived at the Health Center and is being unpacked and installed under supervision of Mrs. Madge Holderman, public health nurse.

It is planned to have Dr. Frank Porter Miller conduct a Chest Clinic every other month starting next September, at the Center, thus adequately serving the needs of the Village.

MEET TUESDAY
Final meeting of the Welfare and Friendly Aid association for the current season will be held next Tuesday at 3 p. m. at the Health Center. Plans for the coming season will be discussed. Most important item on the agenda will be the discussion of a campaign to raise funds to purchase a site for a Youth Center.

Mr. and Mrs. E. W. A. Peake two weeks ago offered to build an adequate and complete Youth Center providing the association furnished the site. This project will be the main goal of the association this summer.

TO CLOSE JULY 1
The Health Center will close July 1 until after Labor Day with the exception of the clinics on Mondays. The final Child Welfare conference will be held next Tuesday. First Child Health conference of the new season is planned for Sept. 25. Mrs. Holderman said today that the conferences this past season have set a record in attendance.

The House of Friendly Aid, conducted in conjunction with the Health Center will also be closed for the summer but any one wishing to donate clothing or household goods may leave their gifts at the Red Cross headquarters on Mondays and Thursdays, between 10 a. m. and 1 p. m.

Municipal Pool Opens On Tuesday

Plans for Plunge On Cutler Estate Completed Today

The municipal swimming pool on the Frank W. Cutler estate, 348 Merito Place, will be opened to the public next Tuesday afternoon, Ray Sorum, city manager, said yesterday. It had been planned to open the pool today but because of a mechanical breakdown in the filtering apparatus, the opening had to be delayed.

The pool will be open daily from 1 to 5 p. m., with the exception of Mondays, Mr. Sorum said.

FEES ARE FIXED
Under present arrangements, Mrs. Lynn Febich will be in charge. She successfully managed the pool last year.
To help defray the expenses of operating the pool, a schedule of admission charges has been fixed. Adults will pay 35 cents, servicemen and boys and girls of high school age will be charged 25 cents and younger children, 15 cents.

TO SAN BERNARDINO
Mr. Sorum said that delay in the opening of the pool was due to a break down which necessitated sending some of the equipment to San Bernardino for repairs.

Use of the pool is made possible by the generosity of Mr. and Mrs. Frank Cutler who offered it to the city during their absence. It is the third year they have donated the pool for public use in the summer months.

Village Nearing Goal in E Bond Sales Is Report

Chairman Tom Holland of the War Loan committee, today said that with eight days to go, the Village still was \$25,000 shy on its E Bond purchases.

"Let's get busy and wrap it up next week," he said.
Total purchases of Bonds in Palm Springs so far in the Seventh War Loan drive were \$825,888.75 as of yesterday noon. The quota for the Village is \$511,180.

"We're well over the top in our over-all quota," Mr. Holland said. "But we're shy in our E Bond quota. We are asked to buy \$272,640 in E Bonds. We've bought about a quarter million—we need \$25,000 more to fill that quota. The drive ends a week from tomorrow. That doesn't leave us much time."

Mr. Holland said special credit should go to Jacques B. Crommelin of the Smoke Tree ranch who personally went out and sold \$27,000 in Bonds this week to aid the Village quota.

A-16s, Worth 6 Gallons, Good

Gasoline ration stamp, A-16, came into effect this morning and motorists were able to buy six gallons per coupon instead of four as formerly.

The new ration provided almost three gallons per week for the 13 weeks A-16 is valid as compared with the less than two gallons per week under the old ration.

Tram Prospects Believed Excellent

Sgt. Madamba Returns to Village After 14 Months In German Prison Camp

Back in Palm Springs after spending 18 months in the European theatre, including 14 months in Nazi prisons, Staff Sergeant Benjamin R. Madamba, Jr., former Lone Palm Hotel clerk, was about town Monday saying hello to friends whom he has not seen for two and a half years.

Admitted to Torney General Hospital Sunday, he immediately asked for and received a pass for a visit in the Village, with Irving Schuman, Mr. and Mrs. Mills and Frank Portnay first on his list.

BACK IN 1939
Six years ago, S/Sgt. Madamba joined the King Charney staff at the Lone Palm, and is now looking forward to a visit with his former employer at Malibu Beach this week.

Two and a half years ago he reported for duty with the Army Air Forces and after a special training at army gunnery and armament schools went overseas as first armorer and gunner on a B-24 Liberator with the 8th Air Force.

Based in Norwich, England, he participated in air attacks on factories at Frankfurt, Kiel, Gotha and Ludwigshafen, winning the Air Medal before being shot down over German held territory, February 24, 1944. He was held at various Nazi prisons until April 27, when he was liberated at Halle by men of the 104th Division.

HARD TO TAKE
Even for men of the Army Air Forces whose treatment was generally less harsh than that of other organizations, prison life and prison fare consisting largely of soup and potatoes was hard to take, he said on arrival at Torney.

Now recovering from malnutrition and other effects of imprisonment he plans to ask for duty in the Pacific as soon as he is physically able.

The son of Mr. and Mrs. Benjamin Madamba, residents of the Philippine Islands, S/Sgt. Madamba has had no word of his parents since shortly after the invasion, although he has exhausted every information source.

Remember Those Chilly Mornings?
Yesterday, according to the almanac, was the first day of summer. It was also rated the longest day of the year, although Wednesday and today are only a fraction of a second shorter.

Today the sun starts its trek southward, to continue until Dec. 21 when it reaches the southern end of its run and turns north. That will be the first day of winter.

Summer arrived at 11:52 a. m., and the official maximum was 100 degrees, much cooler than the last days of spring. And in Los Angeles, it rained.

Councilman Maurice McCann and son, Jimmy, II, went to Arrowhead the fore part of the week on a fishing trip, returning to the Village late Wednesday night.

Police Sergeant and MP Huff and Puff Moving Furniture—No Snakes
"Send the police quick! I'm trapped in my kitchen by three sidewinders," came a frantic voice to a telephone operator Monday night. The operator called the police station and in no time at all, Sgt. O. O. Johnson and Sgt. Jim Hussey, the latter a member of the hospital military police, were on their way.

BACK IN VILLAGE—Staff Sergeant Benjamin Madamba, Jr., Army Air Forces, former clerk at the Lone Palm hotel, now at Torney General Hospital for treatment following 14 months in a Nazi prison camp. (Official U. S. Army Photo.)

Palm Springs NAA Chapter To Be Formed

Formation of a Palm Springs chapter of the National Aeronautics Association will be accomplished next Wednesday night at a meeting at 8 o'clock at the Chamber of Commerce, it was announced by Edwin Stephens, member of the Chamber Airways committee and head of the local division of the Civil Air Patrol.

Mr. Stephens this week received a letter from John R. West, national councillor for the NAA, describing procedure.

Mr. West, Richard Dick and James R. Stewart of Los Angeles, all officials in the NAA, will be here to address the local group at next Wednesday's meeting.

A sponsoring group has been named and an initial charter membership of 25 is planned. On the sponsoring group are Mayor E. E. Theriault, Clema Granger, Norman Granger, Mr. and Mrs. George Archer, R. F. Graettinger, Beth Stebbins, Edwin Stephens and Norval Kelley.

No Comment On Temperature Here This Week

Full Story Of Project Told Warren

Boyd, Dilworth And Crocker Meet With Governor

Assemblyman Philip L. Boyd returned to the Village this week after his first session at Sacramento and expressed the belief that the Mt. San Jacinto Tramway bill would be approved by Gov. Earl Warren.

The measure, introduced by Mr. Boyd, passed the assembly by a unanimous vote and was given a big majority in the state senate. It is now before Gov. Warren. With so many bills on the governor's desk, no action is expected on the tramway bill for a week or two.

Last week-end, Mr. Boyd, State Senator Nelson Dilworth, Francis F. Crocker, "father of the Tramway" and Gov. Warren met to discuss the measure. Mr. Crocker, who first thought up the idea of the tramway from the desert floor to the winter playgrounds in the San Jacinto mountain area, explained the project in detail. The county trio left that meeting with the belief that the governor was favorably impressed by the plan.

Date Palms and Home Destroyed In Night Blaze

A cottage, occupied by an employee of the Wonder Date Garden, east of Cathedral City, and eight date trees were destroyed by fire late last night but efficient work by the local fire department prevented the spread of flames to adjacent trees and main buildings at the ranch.

The call came to the local department at 10:15 last night from Cathedral City. The crew stayed at the scene for two hours before finally subduing the blaze.

More Mirrors For Soldiers, Red Cross Plea

The boys at Torney General Hospital are getting clean shaves these days, thanks to the generosity of Villagers.

Last week the Red Cross issued an appeal for donations of hand-mirrors to aid convalescent soldiers scrape off the whiskers. The response was quick and good. Mrs. Hetty Dudley of the Joshua Tree studio, for instance, sent a half dozen.

Mrs. William B. Lippman, who issued the appeal for the Red Cross said, however, that more still will be welcome.

So if you have a hand-mirror you'd like to contribute, take it to the Red Cross headquarters, 107 North Palm Canyon drive, between 9 a. m. and 1 p. m., Monday or Thursday.

Palm Springs Calendar
MONDAY, JUNE 25—

Karolyn Dee Goes East on Vacation

Karolyn Dee, masseuse at the famous Indian Mineral baths, is enroute east to visit friends and relatives.

She will return to the Village in September.

Pay your telephone bill before the 30th and receive a discount.

Miss Martha McCarn In Village on Visit

Miss Martha McCarn, daughter of City Clerk Louise McCarn, was in the Village last week on a brief visit.

A student at Stanford University, she arrived last Thursday and left this Wednesday to resume her studies during the summer session at Palo Alto.

War Chest Money Aids Victims of Suicide Attacks

Details of the sinking of two heavily-laden munitions ships, blown up by Japanese suicide planes off Okinawa six days after the first American landing, were revealed with the recent arrival at San Francisco of 74 merchant seamen survivors, says a report to A. B. West, Chairman of Riverside County War Chest, from the National War Fund.

Tales of heroism and sacrifice which accompanied the sinkings of the SS Logan Victory and the SS Hobbs Victory, were related by the repatriates for whom reunions with their relatives or sweethearts were arranged at the United Seamen's Service club upon their arrival in this country, said the report.

The ships had been in the first convoy of merchant vessels to arrive at Okinawa and were attacked by a Japanese suicide squad just as they were about to anchor in the harbor. The Logan Victory, on her maiden voyage, sank within six hours after she was hit. The Hobbs Victory was struck later and also sank when her cargo exploded.

Survivors of the crews were rescued by naval ships and later transferred to the repatriate ship and returned to the United States. Knowing the anxiety of the seamen's relatives, United Seamen's Service obtained the list of survivors and notified their kin, who were waiting to greet them when they arrived at San Francisco. United Seamen's Service representatives interviewed each survivor and made sure that their needs were met, arranging for advance payments from the shipping companies, obtaining hotel accommodations, transportation and long-distance telephone calls for those whose relatives were unable to be present at the home-coming.

The work of United Seamen's Service is supported by the National War Fund through contributions to community war funds such as the Palm Springs War Chest Fund, Chairman West explained.

Lions, Rotarians Meet in First of Joint Gatherings

Starting a new series of joint meetings during the summer months, members of the Palm Springs Rotary and Lions clubs met Wednesday at the Del Tahquitz hotel, Fred Ingram, new president of the Rotary club presided.

Francis F. Crocker, "Father of the Tramway," addressed the group on the proposal to build an aerial tram from the desert floor to the winter playground area in the San Jacinto mountain area. He also described his recent visit to Sacramento where he watched the legislative wheels go around at the close of the current session.

The two clubs plan to meet jointly during the summer months. Other organizations which meet once monthly, will attend the Wednesday meetings which fall nearest their regular meeting days.

Until fall, Wednesdays will be meeting days for Village organizations under a plan sponsored by Mayor E. E. Theriault's coordinating committee to reduce the number of separate meetings in the Village.

Mr. and Mrs. Frank W. Cutler of 348 Merito Place, left Wednesday for their summer home at Oswego, Oregon.

They will be back in the Village in September.

Jane Brown of the Palm Springs Employment agency left Monday to spend some time in Santa Barbara.

170th Anniversary of Founding of Quartermaster Corps Observed at Air Base by 5th OTU in Simple Ceremony

The 170th anniversary of the Quartermaster Corps of the United States Army was observed at the 5th OTU Army Air Base here Saturday, June 16, and with the day the history of this critically important branch of the service was forcibly brought to mind.

From its humble beginning as a two-man service, the Quartermaster Corps has today become the largest supply organization on the globe. As a result of its service, the American Army has been acclaimed all over the world as having the best fed, best clothed and best equipped soldier.

SAVE HUGE SUM

Through its system of handling the manifold services, a saving of two billion dollars is estimated to have been saved during the past three years. Nevertheless, the Quartermaster Corps has spent 15 billion dollars in this war. The gigantic services of this branch of the Army and its expenditures during this world conflict is in stark contrast with the early days of the QM in 1776, when its personnel conducted house to house canvasses, practically begging for donations of food, clothing, kitchen items and small arms. During the Civil War, the QM was caught in an emergency and had no stores of supplies on hand.

There was even a time in the history of our Army when Congress thought seriously of deducting \$1.66 per month from the \$6.66 monthly pay of soldiers to help buy their uniforms.

STEADY BATTLE

Throughout the entire history of the Quartermaster, the growth of the Corps has been a story of continuously fighting for adequate funds, and for authority and facilities to do its job. Eventually these things came, and along with it came a division of labor, in which departments of food, clothing and the like came under separate heads, managed and controlled by experienced personnel in each field.

Well representative of the fine progress made by the Quartermaster Corps in general, is the QM section at the Army Air Base. Staffed by 43 persons, including officers, enlisted men, WACs and civilians, it embraces four individual departments. Lt. Col. John W. Spensler, Chief of Service and Supply, is the officer under whose direction all of Quartermaster operates. The sales commissary and salvage department is under the management of Lt. Herbert Orr. Property and reclamation are both under the officership of Lt. Louis Kundinger. Captain Ronald R. Stickle is in charge of base quartermaster and Captain John Milliff is his assistant. Captain Hubert E. Sandoz is head of Field rationing and transportation.

A specialized field of work must be learned in this branch of the service. Consequently,

Dilworth Named On Committee

State Senator Nelson S. Dilworth, Republican, of Hemet, has been named to the interim joint legislative committee investigating un-American activities, according to a United Press dispatch from Sacramento.

Serving as chairman, as in the past four years, will be Senator Jack B. Tenney, Republican, of Los Angeles. Dilworth was on the committee for some time as a representative of the state assembly.

Hike Into Round Valley Planned

W. R. Hillery, his son, Robert, and Claude Cobb, all of Cathedral City, left yesterday morning for Round Valley, terminus of the Mt. San Jacinto proposed Tramway. They went in by way of Idyllwild and Devils Slide.

If the going isn't too rugged, Robert Hillery plans to go to the peak and is hoping for fair weather, taking a camera with him.

John C. Langtrys Leave for Illinois

Mr. and Mrs. John C. Langtry left this week for Evanston, Ill., for the summer and will visit at the home of Mr. Langtry's brother.

They expect to return to their home at 1325 Camino el Mirador about Sept. 20.

Mr. and Mrs. A. S. McIntyre are now in San Antonio canyon at Snowcrest camp above Camp Baldy. They plan to spend the summer there.

both officers and men attend one or more of the many service schools, such as transportation, salvage, equipment and repair.

Impressive as to the services supplied by QM here at the Base is the fact that it is responsible for supplying 4350 various items of material.

The Quartermaster Corps is older than the United States as a nation, its origin dating back to June 16, 1776, one year before the Declaration of Independence.

Its working slogan is: "Recovery, repair, and return to use."

Village Members Of 40 et 8 Plan To Attend Outing

Several Villagers, members of Voiture 394 of the 40 et 8, are planning to attend the annual "pig feed" of the group tomorrow night at 7 p. m., at the sheriff's training center on Box Springs grade, three miles east of Riverside.

Invitations came this week to the local members. Villagers who belong to Voiture 394 are Gordon Feekings, Art Wills, John Holditch, Joe Omlin, Dr. Hartley Widdess and Charles St. George.

Prominent Local Visitors Part

Mr. and Mrs. Townsend Netcher who only two weeks ago were seen dining together, amiably, at The Dunes, have separated, according to a Louella O. Parsons story in the Los Angeles Examiner, Wednesday.

Netcher, son of a wealthy Chicago mercantile family, admitted that his wife, the former Norma Fletcher Hall, heiress to the Castoria millions, had left their Santa Monica home to live with her mother.

The couple spent some time in the Village this spring.

Closing Services Slated Sunday at Episcopal Church

Closing service for the season at St. Paul's in the Desert, Episcopal church, will be held next Sunday, the Rev. Robert M. Hogarth, vicar, said today.

Services will be held at 8 p. m. and 11 a. m. with Holy Communion at both hours.

"It is an opportunity for all who are still in the city to make their communions," said the vicar.

"Next Sunday is St. John the Baptist day and the sermon topic will be 'Guiding Our Feet in the Way of Peace,'" said Rev. Hogarth.

St. Paul's will open for the new season on September 16, with all regular services and Sunday school.

Rev. Hogarth will be in Long Beach for the month of July and later in Los Angeles.

He will return to the Village on call at any time for sickness or other emergency. Call Carey ranch, 7471, or get in touch with him, he said.

Christian Science Theme on Atomic Force

This declaration of David in the Psalms will be the Golden Text in the Sunday Lesson-Sermon in all branches of The Mother Church, The First Church of Christ, Scientist, in Boston: "The earth is the Lord's, and the fulness thereof; the world, and they that dwell therein." The question "Is the Universe, including Man, Evolved by Atomic Force?" is the subject.

According to John's Gospel Jesus' disciples "went over the sea toward Capernaum. . . . And the sea arose by reason of a great wind that blew. So when they had rowed about five and twenty or thirty furlongs, they saw Jesus walking on the sea, and drawing nigh unto the ship; and they were afraid. But he saith unto them, It is I; be not afraid. Then they willingly received him into the ship; and immediately the ship was at the land whither they went." Matthew relates, "And great multitudes came unto him, having with them those that were lame, blind, dumb, and many others, and cast them down at Jesus' feet; and he healed them."

"Mind's control over the universe, including man, is no longer an open question, but is demonstrable Science," writes Mary Baker Eddy in "Science and Health with Key to the Scriptures." She continues, "Jesus illustrated the divine Principle and the power of immortal Mind by healing sickness and sin and destroying the foundations of death."

Jerry Sanborn Here On Visit

Gerald K. Sanborn, former city street superintendent, who went into the Seabees some months ago and saw action in many of the Pacific battles, is back in the Village on a visit.
Recently discharged from the Navy, he spent some time at North hospital and then went north. He returned to Riverside today and plans to return to the Village with his family in the fall.

Dr. O. P. Burris to Occupy Pulpit at Community Church

Dr. O. P. Burris, for many years in the pulpit in Oregon and in Los Angeles, will conduct both morning and evening services at the Community church next Sunday, Mrs. George B. French, in charge of arrangements during the summer months, said today.

He is now a resident of Burbank.

Dr. Burris filled the local pulpit twice last year and his messages were greatly appreciated by all who heard him.

Mrs. Burris will accompany him to the Village.

Masonic Club Meets Tuesday

Palm Springs Masonic club will meet next Tuesday in regular luncheon session at the Del Tahquitz hotel at noon.

Kenneth DuBose will preside in the absence of President Lloyd Simon. A talk on the Tramway project will be presented by Francis Crocker, "Father of the Tramway."

Aerial Navigation Studies Continued

Continuation of classes in aerial navigation marked this week's meeting of the Palm Springs squadron of the Civil Air Patrol at their headquarters, 311 South Palm Canyon drive. Norman Granger was in charge of the classes and Commander Ed Stephens, presided.

Global Gab Group Plans Picnic Next Tuesday Evening

"Conscientious Objectors" was the topic discussed by Sgt. Ross Parmentier of the 5th OTU at Tuesday night's meeting of the Global Gab society at the Chamber of Commerce. Mrs. Henry H. Menard was chairman for the evening.

After presentation of the paper, the group completed plans for their first annual picnic to be held next Tuesday night at Rancho Trailer Park. All who have attended club meetings or who are interested in the Global Gab group, organized at the USO here more than two years ago, are invited to attend.

At the next meeting at the Chamber of Commerce, on July 3, the subject will be "International Cartels after the War." Sgt. Robert Hertzog of Torney General Hospital, will present the evening's topic.

Earl Gray Cools Off C.C. Office

The Chamber of Commerce is going to be a lot cooler.

Earl Gray of the Royal Palms Hotel and the Rainbow Rooms was in the office the other day and—

"That cooler you've got is too small. Need a big one. I'll donate one for you," he said.

Ruth Jones, Beth Stebbins and Mrs. C. T. Williams of the C. of C. staff have put Earl Gray right at the head of the Palm Springs Nice Men parade.

Mr. and Mrs. Donald M. Lockett and family are at their home in Alhambra to spend the summer months.

VET-LOAN PLAN

Bank of America created Vet-loan Plan to offer veterans a practical method of acquiring a home, a farm or a business. The plan not only includes help in applying for "G.I. Credit" under the Servicemen's Readjustment Act of 1944, but in addition offers the full credit facilities of this state-wide bank.

Explaining the plan in detail are three fact-filled booklets—get one or all of them for your serviceman. And tell him that Vet-loan Plan applications can be made immediately after his discharge from the service.

Two Declines and Three Rises Mark Prices This Week

Early crop plums and raspberries made their appearance on the "Outlying" trading area market basket list of ceiling prices announced today by OPA food price specialists. The area includes Palm Springs. Two price declines and three increases marked today's list. Onions, 1945 crop, of both the white dry and yellow or brown varieties were up, while tomatoes, apricots and peaches showed price declines. The highest retail ceiling prices for fresh fruits and vegetables for the period starting Thursday and ending Wednesday, June 27, are as follows:

Carrots, bunched, minimum net weight 1 lb., 10c bunch.
Carrots, clipped, top loose, 8c pound.
Carrots, topped without tops, 8c lb.
Cucumbers, field grown, 12c lb.
Eggplant, 17c lb.
Lettuce, iceberg, large, 13 oz. or more, 15c head.
Lettuce, iceberg, medium, over 9 oz. but under 13 oz., 13c head.
Lettuce, iceberg, small, 9 oz. or under, 11c head.
Lettuce, Romaine, 13c lb.
Onions, white dry, 1945 crop—new, 3 lb. 36c.
Onions, yellow and brown, dry, 1945 crop—new, 3 lbs. 30c.
Onions, red, dry, 1945, 3 lbs. 33c.
Onions, yellow and brown, dry, 1944 crop, 3 lbs. 25c.
Peas, except China, 19c lb.
Sweet peppers, 20½c lb.
Potatoes, 1945 crop, 5 lbs., 28c.
Sweet potatoes and yams, 1944 crop, 2 lbs., 29c.
Snap beans, 19c lb.
Spinach, except bought packaged, 14c lb.
Tomatoes, field grown except bought packaged, 19½c lb.
Apples, Northwest, except Crab and Lady, 1944, 15c lb.
Apples, Northwest, except Crab and Lady, 1945, 14½c lb.
Apricots, 18c lb.
Bananas, loose or in hands, Central American, 14c lb.
Bananas, Mexican Chiapas and Tabasco, 12c lb.
Bananas, Mexican, all other states, 12c lb.
Bananas, Cuban, 14c lb.
Cantaloupes, 10½c lb.
Sweet cherries, 32c lb.
Coconuts, husked, 10c lb.
Grapefruit, white, 11c lb.
Lemons, 13c lb.
Oranges, Valencia and Navels, 5 lbs., 52c.
Peaches, cling, 17c lb.
Plums, 19½c lb.
Strawberries, pint basket, 33c basket.
Raspberries, 6 oz. basket, 25c basket.
Watermelons, 6½c lb.

CATHEDRAL CITY

(By W. R. HILLERY)

Those who have not met Col. and Mrs. Charles J. Perry won't be as interested in what the "Blackhawks" are doing as those who have met them. From all accounts, that 86th Infantry went to Germany in February and just kept right on going south and east until they finally stubbed their toes on the Russian line and during their sweep they became veterans in combat in about as short time as it is possible to get that way. Now they are headed for the Pacific after an interval.

On the fourteenth of this month we talked it over with American Legionnaires and announced we would display the Nazi flags and banners sent home as trophies by Col. Perry and to make a good showing. Gordon Feekings let us have the very interesting collection of German military and civil articles that Master Sergeant Don Maher had forwarded to Gordon from Germany. There was some question in our minds just how such objects should be displayed but the five or six dozen locals who went to Town Hall to inspect the articles all expressed great interest. One man in uniform drove up and made objection to the display but did not press the matter so we would have to prove that we should be above suspicion as to our motives.

Rev. John C. Abels and Mrs. Abels were down this week from Idyllwild. From them we learned that Mrs. Maude Early of the

Get Acquainted With Your

Village Businessman

What's the top of the Hit Parade? Chances are this week's Business Man can fix you up with a record of it. Harold Murphy, of the Palm Springs Music company, whose picture adorns the top of these columns, was born in Chicago. He said March—but failed to mention the year.

His first job was with the Pennsylvania railroad as yard clerk, checking up on the boxcars. If he had that job these days, he'd be a tired man at the end of each day. He was with the Pa. R. R. for seven years, eventually winding up as public relations man on the vice-president's staff.

Came to California first in 1929 with the National Screen company as special representative in Hollywood. Was general manager of their office for eight years in the film capital. Was publicity director for the movies in Chicago after that and was at some of the biggest ballrooms in that city with many notable orchestras. Then went to Crestline in the San Bernardino mountains and needing a winter home, bought one here in January, 1942. When the troops were crowding the desert he and Jimmy Hume operated a large amusement center in Indio.

Last September he and Jimmy started the Palm Springs Music company. Besides their large record and radio business, they see to it that local juke boxes have the top tunes.

Wife's name is Florence and she's prominent in her own right in the Village. Head of the Eastern Star club—she once held the honor of being the youngest O.E.S. Matron in California when at Ocean Park. Is now prominent in local civic affairs.

Mr. Murphy was the first director of the Defense Volunteer Office in Palm Springs, he headed a War Loan drive here, was draft board registrar, he and Mrs. Murphy spent long hours in the tower here during air watch days, he was president of the Crestline Lions club and is a member of the local Lions—and he's prominent in the Village. Also—he said that he'd see to it that Phat got his record of "Sentimental Journey".

DaVall colony of ranchers and a pioneer in our community was ill at Loma Linda hospital. Mrs. Early's many friends join in a wish for her speedy recovery.

Lt. Robert Lenhard, meteorologist at the Air Base and a resident here for over a year, was recently transferred to a base in Arizona. They write their friends here that he is enjoying the work at the new field while Mrs. Lenhard misses her many friends in Cathedral City.

We had occasion to visit T. A. Niehoff at the Naval hospital at Norco this week. Teddy was injured quite seriously during Pacific operations of the fleet and after preliminary treatment at Guam and then Pearl Harbor, was transferred to Norco. He is getting along nicely and should soon have a furlough to visit his sisters, Mrs. Don Maher and Mrs. John Palmer of Cathedral City.

After taking the family to their Santa Cruz summer home, Dr. Leon M. Wilbor has returned to the village to remain during the summer. We are glad to have you here, Doc.

Mr. and Mrs. Frank C. Russell were down from Crestline this week. Frank is continuing his efforts on behalf of the community and tells us that he has

Let's call this summer, and use a summer schedule. Office hours 9 A. M. to Noon on week days, closed Sundays.

A bored cat and an interested cat were watching a game of tennis.

"You seem very interested in tennis," said the bored cat.

"It's not that," said the interested cat, "but my old man's in the racket."

Advertisement

We consume so much time trying to promote a bit of kleenex for the old snoot... and cigarettes to quell our sordid cravings, that we have little time left to tend the store. Shopping is a series of backrooms, under counter probings, and such. Even whoosis paper is on the surreptitious list.

We have many under-counter items (sorry, no cigarettes). Things which you need and are unable to get elsewhere in the Village:

Old Trapper poison grain for rats: just the thing for the closed ranch. Dekko Silverfish bait for those little so-and-sos that work at night.

If it's poison (not bad likker), we have it.

Christian Science Lecture Radiocast

A lecture on the subject "Christian Science: The Science of Divine Mind" will be radiocast over station KFWB (980 kc), Thursday evening, June 28, at 8 p. m., from Ninth Church of Christ, Scientist, Los Angeles. The lecturer, Florence Middaugh, C.S., of Los Angeles, is a member of The Christian Science Board of Lectureship.

Scientists believe the earth has a core of hot liquid metal about 4000 miles in diameter.

For Essential Transportation—U-Drive Cars. Phone 4444.

Must that mean more Accidents?

It need not—but it will unless we all realize the increased danger. Drive more carefully than ever—have your car checked for safety—and be sure you have adequate Automobile insurance that gives you all the protection you need against accident claims and damage suits. Rates are at the lowest levels in history—ask us for details.

Completes Marine Recruit Training

Marine Private Margaret Phillips, daughter of Congressman and Mrs. John Phillips of 65 North 4th street, Banning, recently completed recruiting training at Camp Lejeune, N. C. She has been assigned to duty at that base.

Prior to her enlistment in March, she was secretary and receptionist for her father in Washington, D. C.

Two brothers, Sgt. Robert and Lt. Carl Phillips are with the Army.

Miss Moore Becomes Bride Of Soldier

Miss Lorraine E. Moore and Cpl. E. F. Nalley were married Wednesday at 9:30 p. m., in the chapel at Torney General Hospital, Palm Springs, by Chaplain Lloyd Samson.

The bride wore a lovely draped dress of open blue with black accessories and a corsage of gardenias. Her mother, Mrs. J. O. Moore, wore a beige suit with a corsage of pink carnations.

The other members of the wedding party consisted of the best man, Rodney E. Redin of Banning, and the bridesmaid, Virginia Austin of Palm Springs. The double ring ceremony was used.

There were many friends and fellow employees of the bride present at the chapel.

After the ceremony, the whole party met at "The Dunes" in Palm Springs. The pianist played "Here Comes the Bride" as they entered.

Cpl. and Mrs. Nally will leave Thursday for Harlingen, Texas, where he is stationed with the Air Corps.

FOR SALE

One of the finest lots in Las Palmas Tract. Two water shares, underground utilities. This will not be on the market long.

"I Rise to Remark"

By CONGRESSMAN JOHN PHILLIPS

REPORT ON BILLS:

The vote on H. R. 3314, which provided for participation in the International Monetary Fund and the International Bank for Reconstruction and Development passed the House by a vote of 345 to 18. I think the vote was significant. It demonstrated the earnest willingness of Members of the Congress to meet halfway any effort to get the nations together. I would not say we were optimistic; but we were willing to accept a plan without having every "I" crossed and every "t" dotted. The alternative would apparently be a drain on the United States, as the only member of the international family with money at the moment, but without the cooperation and money help of the other nations which now adopt this same program.

"F. E. P. C." not reported out by the Rules Committee. Tie vote; 6 to 6. No funds for old, executive-created "committee," as the Appropriations Committee was barred from setting up money for it, until the Bill before the Rules Committee was acted upon. Unless signed for this Session.

"Poll-tax." The Bill eliminating the poll tax, for election purposes, passed the House June 12th by an overwhelming majority.

"Post War Military Training." This general matter is now before a strong committee. Specific bills are not yet being considered and will not be until Fall, as I have advised some correspondents. Lots of letters on this subject. All polls indicate the people, two to one, desire some sort of training preparatory to sending boys into war, if we must have wars. My own attitude remains unchanged. I have never favored the type of legislation represented by the May bill, which proposes a full year, out of school, in military training. I favor strongly some sort of training, such as might be secured by two summer camps with designated classroom studies for the intervening year. I want the boys who might be taken for war to have at least as much ability to take care of themselves in the field as a good Boy Scout! It is criminal to send practically untrained boys into combat, sometimes with only a couple months training. We've done it three times in my lifetime; let's make sure we don't do it again. I'd make a guess this is all the Congress will approve, but that we would approve such a program.

Postal pay raises: passed. Civil service pay adjustments: The Jackson bill passed the House; the Downey Bill passed the Sen-

ate. The Conference Committee will now make a final bill.

OPA: before the House committee. Passed the Senate with an amendment making the OPA give consideration to the costs of production. Big fight coming up in the House on this.

School lunches: passed the House Committee on Agriculture, so bogged down with amendments that even my crystal ball won't predict its future. Extension Service: passed. Railroad rates conferences (H. R. 2536): Wait until Fall, no need to write me now. Hearings begin in October. I'm for it anyway! Any more?

Navy Man Takes Bride in Ceremony At San Bernardino

William E. Ryan, Jr., ship fitter, third class, U. S. Navy, now home on a 30-day furlough, was married at 5 o'clock, Tuesday evening, June 12, at the First Baptist church in San Bernardino to Miss Arta Jones of that city. The ceremony, which was witnessed only by immediate members of the family, was performed by the pastor of the church.

The bride wore a new spring suit with corsage of gardenias and roses. She had two bridesmaids, one of whom was Miss Shirley Allen, formerly of Palm Springs, where the Ryan family resided before going to Banning. Mr. Borden of San Bernar-

PALM SPRINGS, CALIF.
Friday, June 22, 1945

dino, also formerly of Palm Springs, was best man.

A wedding supper was served at the home of the bride after which the young couple left on a honeymoon trip which included stops at the beaches, Idyllwild and Palm Springs.

The bride is employed in the telephone company office in San Bernardino.

The groom returned about two weeks ago after 22 months service in the Pacific.

More than 55 per cent of all railroad ties are made of oak, creosoted to endure for eight to twenty years.

GEORGE J. BARBOUR, Owner

FASCINATED BY THE BEAUTY of San Gorgonio Pass and deeply moved by the miraculously healthful climate of Banning, we paused one day between the snow-capped mountains and wanted to travel no more. That more people may enjoy such scenic beauty and benefit by the healing climate, we have devoted our energy and resources towards the creation of a Resort Hostelry that may match nature's lavishness.

TODAY

We Proudly Announce the Birth of

THE BRIARGATE

A resplendent Country Estate, with its magnificently landscaped twelve acres, sprawling over sloping grounds at the moderate elevation of 2500 feet in the serene seclusion of the San Gorgonio foothills.

SUN BATHED PATIOS SCENIC WALKS
SUNKEN GARDENS FAMILY ORCHARD

The main building, a stately Cape Cod Mansion with an inviting eighty foot veranda, has on the main floor the Lobby, the luxurious Lounge and two Dining Rooms—one on the screened balcony with a delightful view of the grounds and San Jacinto. On the second floor are the suites and hotel rooms, lavishly furnished; with views that defy description.

Operated on the European Plan,

The Dining Rooms are open to the public by reservation only for Luncheon and Dinner.

The quality of food and service is in keeping with gracious living.

Telephone inquiries are most welcome.

With the Boys in the Service

Sgt. Bert Sanard Discharged After 3 Years Overseas

Staff Sergeant Lloyd B. (Bert) Sanard, son of Mr. and Mrs. Lyle J. Sanard, veteran of the fighting in Africa, Sicily, and in the India-Burma area, is back home, out of the army after months of valiant work for which he received several decorations.

A member of a Troop Carrying group of the 12th Air Force, he played a big part in the invasion of Sicily and Italy and later participated in troop carrying movements to the India-Burma area. The supplies his outfit rushed to India aided in turning the Japs back at Imphal. His group won a citation for this important task.

Sgt. Sanard had been overseas almost three years when given his discharge. He plans to remain here for a while visiting old friends and then will probably return to Riverside where he was employed before going into the service. The Sanards have another son, Sidney, U.S.M.C., now in the Pacific.

TORNEY GENERAL HOSPITAL EVENTS

News of the Enlisted Men of the Medical and Quartermaster Detachments at Torney Army General Hospital, Palm Springs

By SGT. TED W. ENGSTROM

AWARDS PRESENTED AT TORNEY

The Silver Star decoration, awarded for great gallantry and bravery in action with the 91st Division in Italy, was presented to S/Sgt. Samuel A. Waite, a patient on Ward D-3, by Capt. Anthony M. Crea, CO of the Detachment of Patients, on last Saturday. Sgt. Waite's wife, a civilian worker here, was present for the awarding of this high decoration.

In addition, thirteen other decorations were presented to Torney patients by Capt. Crea last week, including five Purple Heart awards, two Bronze Stars and six Combat Infantryman Badges.

Patients receiving the Purple Heart Medal include Pvt. Adeleardo C. Vigil, Pfc. Leo E. Tucker, Pvt. Fred T. Coburn, Pvt. Dan V. Young, T/Sgt. Edward Kinsky. The Bronze Star was awarded to Pfc. Frank S. Bruce, Jr., Pvt. George F. Mattison.

Sgt. Martin A. Zeig, Pvt. Wallace R. Rogers, Pfc. Gregorio Trujillo, Pvt. William L. Currutt, Pfc. Sidney S. Hollis, 2nd Lt. Joe Clark received the Combat Infantryman Badge.

CARMEN JONES

Twenty-five Torney negro patients were the guests of the Personnel Services Branch at March Field last Sunday afternoon for the Billy Rose all-negro cast production of "Carmen Jones," famed "jive take-off" on the Opera Carmen. The cast has recently completed a long and successful run on Broadway and were brought to March Field through the efforts of T/Sgt. Ezra Stone, the "Henry Aldrich" of radio fame.

The patients were transported to March Field for the production by the Special Services Branch here.

CARMICHAEL ON WARDS
One of America's leading composers of popular music, Hoagie Carmichael, composer of such hits as "Star Dust," "Hong-Kong Blues," "Lazy Bones" and "Rockin' Chair," will visit, sing and play for patients on several wards tomorrow afternoon. Mr. Carmichael is heard each week on a nationwide radio network with his own popular show.

This prominent musician is being brought here by the Special Services Branch.

VISUAL AIDS COORDINATOR

Ellis G. Rhode has taken up his duties as the new Visual Aids Coordinator at this installation.

Civilian Staff At Army Air Field Near Bond Quota

Civilian war workers at the Army Air Base of the 5th Operational Training Unit here are within 8 per cent of attaining their war bond sales quota. Although military components of the 5th OTU have in some cases passed their quotas from a percentage standpoint, the civilian personnel have a large dollar and cents goal to attain. As of June 19, these war workers have purchased \$14,774.47 in bonds, with \$16,000.00 as the set goal. First Lt. Alvin Norcross, civilian personnel officer, declared that the \$16,000.00 quota will be surpassed within the next few days.

Upon assignment here by the Ninth Service Command, his duties will be to correlate all film showings, provide film services for patients, medical staff, enlisted personnel, civilians, etc., and to direct the film projectionist school. Mr. Rhode will work in conjunction with Lt. William L. Jackson, Training Officer, and will have his headquarters in the Training Branch Office.

A former public school administrator, high school principal, superintendent of schools and athletic coach, Mr. Rhode has been with the War Department as a Visual Aids Coordinator for the past 18 months. He has been formerly assigned at Camp Anza, Fort Huachuca and Camp Cooke. He has his Masters degree in Education from Stanford University.

FOUR OFFICERS PROMOTED

Four Torney officers have received notice of their boost in rank from the War Department. Upped in rank from First Lieutenant to Captain are Carl D. Duysen, Quartermaster, and Paul A. Rhode, Chief of Bacteriology Section. Sporting the new silver bars of a First Lieutenant are Raymond M. Danow, Control Officer, and Isadore L. Heller, Assistant Dietetics Officer.

Six Torney enlisted men appeared before the Officer Candidate Board at Ft. MacArthur last Wednesday for possible admission to a MAC Officer Candidate School. Those appearing before the board included M/Sgt. Freeman Holmer, T/5 Carl Clarenbach, T/5 Robert Leonard, Pfc. Norton Baxt, Pfc. Mike Mayo and Pfc. Paul P. Wilson.

CIVIC CLUB

Lois Strong of the Post Engineers office was elected president of Torney's Civilian Club at a specially called meeting this week. Other officers elected to serve for the next quarter, are Irma Jennings, PE office, vice-president, Mildred Waddle, Military Personnel, secretary; Illa McKay, QM office, treasurer; Bernice Carlson, special services, hostess, and Morea Reissman, QM laundry, assistant hostess.

Other matters of business discussed by members present included the organization of a Board of Governors for the purpose of considering and presenting civilian problems to the Commanding Officer, the conducting of regular monthly business meetings, and the formation of a recreation committee.

Pay your telephone bill before the 30th and receive a discount.

Two More Village Men 'Back Home For Keeps' Today

There's a current popular song that goes: "Back Home for Keeps."

Among those singing it in the Village this week are Corporal Allen Davis, Jr., U. S. army and Richard L. Mendoza, seaman first class, U. S. navy.

Seaman Mendoza was in the service two years and the past year and one half was in the south Pacific and at Iwo Jima before getting his honorable discharge.

Cpl. Davis received his honorable discharge at Tyndall Field, Florida.

Both boys went to school here and have many friends in the Village.

Connell Finds Philippines Like Village

John Connell, former city councilman and well known Villager, is now in the Philippines at a U. S. Naval base—and enjoying it.

The climate, he says, is similar to that in the springtime in Palm Springs although it rains more often—even during the so-called dry season.

His outfit reached the Philippines without excitement he said and the base is a new one and not at all bad.

Legion Officials For Year Installed Tuesday Evening

Harold Lienau was installed commander of Owen B. Coffman Post, No. 519, American Legion at ceremonies Tuesday night at the Fire Hall, with George Boldin and a team of eight from Indio and Thermal, conducting the services.

Art Linder, first vice-commander; A. E. Hoover, second vice-commander; Henry Menard, chaplain; James Foss, sergeant at arms; Stuart Allen, historian; Jay Morrison, adjutant; Fred Stromberg, finance officer; M. G. Mead, service officer.

Dinner at The Dunes preceded the installation services. A business session at which time plans for the coming year were discussed, followed the ceremonies.

DeVine Market Will Close for Month

Johnny and Connie DeVine of DeVine's Market, Amado road and Indian avenue, were today preparing to call it quits for a month.

After they close the doors of their market tomorrow night, they plan a month's vacation. A trip to Nashville, Tenn., is on their summer agenda. They plan to re-open their market about August 1 for the new season.

For Essential Transportation—U-Drive Cars. Phone 4444.

5th OTU FACTS

"Traveling Troubadors" is a name that can be aptly applied to the personnel of the 5th OTU band. During the course of a few days they have performed at military functions at Winslow, Arizona; Torney General Hospital; 6th Ferrying Group, Long Beach; Thermal Naval Station, Thermal; and participated in the welcome to Generals Doolittle and Patton, to name a few of their engagements.

In addition to all of this, these musicians also rendered both martial and social music at the Base here. With all of their music playing, there is the constant call of practice.

Quite a group of GIs availed themselves of the opportunity to visit Old Mexico the other day. While there, they were spectators at this country's national pastime—the bull fight. And they reported just as much screaming, booing, and applause as is part of the picture at our national pastime, baseball. Later, Capt. Joe L. Brown reported, "they just browsed around and took in the sights." Periodically, these trips are arranged with a commercial transportation line.

Geoffrey Morgan, speakers bureau of the Douglas Aircraft company, has traveled through 46 of our 48 states within the last two years talking about aviation. Monday and Tuesday, he was orientation speaker at the Base. What he has to say about post war aviation and its many facets, from the establishment of spare parts stores to village landing strips and all that can be sandwiched in between, could fill a good sized shelf of your home library. He believes there will be one million pilots, and with each plane carrying an average of four passengers, 4,000,000 people will be flying in the not too distant future.

"Sadie Hawkins" day is coming for the WACs of the 5th OTU come this Sunday, June 24. It will take the form of a picnic in which these women soldiers will invite their escorts, and once he is invited, (if duty and fighting the war doesn't interfere) there'll be no evasive tactics displayed. Good food, games, and a lotta fun is on the agenda, according to WAC Sergeant Frances Sganga, who is arranging the affair.

The boys in Squadron C are losing sleep and burning the candle at both ends in their attempts to emulate the superb pool "shooting" of Charles "Chuck" Peterson, who put on an exhibition at their Day Room. Mr. Peterson is one of the top-notch cue handlers in the country. Says First Sergeant James Anderson, "There is an improvement in the 'shooting' service. These experienced employees have, in a large measure, been responsible for the enviable record maintained by Union Pacific in the face of wartime conditions.

The transportation of many thousand trainloads of troops and materials over the Strategic Middle Route, uniting the East with the West Coast, calls for the wisdom and cool judgment of maturity coupled with the ambition and tireless energy of younger employees.

Union Pacific is proud of all its employees, regardless of length of service, for the job they are doing to help speed the hour of victory.

Capt. Smithwick Listed as 'Freed' By War Department

Among names on a long list of United States army men liberated from German prison camps, released by the war department last Saturday was that of Capt. Michael Smithwick, son of Mr. and Mrs. F. J. Smithwick of Palm Springs.

Capt. Smithwick was the first Villager to be captured by the Nazis. He was made prisoner when his bomber was shot down in Germany while on a mission over Berlin.

It was some time after V-E Day before the Smithwicks heard from their son who is now in France.

Red Cross Office

Open Mondays and Thursdays 4 Hours

Red Cross headquarters here at 107 North Palm Canyon Drive, are now on summer schedule, open on Mondays and Thursdays from 9 a. m. to 1 p. m. Directors are considering the possibility of opening the headquarters one evening each week for those employed during the day who would like to aid in making surgical dressings during the evening.

Mrs. Sam Gendel, who has taken over the Home Service work during the absence of Mrs. Frank W. Cutler, chairman, will be at headquarters from 9 a. m. to 1 p. m. each Monday and Thursday.

Due to oversight, the report of the Home Service department was not included in the monthly report last week.

Four women put in 157 hours of activity during May, it was reported, under direction of Mrs. Cutler.

Need for Afghans Still Great, Red Cross Asks Help

Mrs. Guy Pinney, Mrs. Thomas Holland and Mrs. William A. Lippman, representing the Palm Springs branch of the American Red Cross, went to Riverside Monday to attend the monthly meeting of the board of directors of the county chapter.

After hearing inspiring talks and reports from other branches, the trio returned with many new ideas for local activity.

The need for more afghans was stressed and chapter members were told that the "squares" were most needed and that if insufficient squares were made for complete afghans, they could be combined with squares from other branches. The "squares" said Mrs. Lippman, are not really square these days, measuring 6 inches by 4 inches—the finished afghans are 6 feet by 4 feet. They are for use in hospitals for wounded boys returning home.

One of the most interesting talks at the meeting was by a Red Cross worker who is in charge of returning soldiers' entertainment on hospital trains, riding from Atlantic to Pacific and from Pacific to Atlantic, trying to make the wounded lads feel that they are at last, really home, and to brighten up the miles from disembarkation port to hospital.

Eight permits in Past Week Boost Total to \$353,304

Eight building permits, totaling \$12,800 were issued at the city building office during the past week. Total for June to date is \$37,100 with 14 permits issued. For 1945 to date, 161 permits have been issued with a total valuation of \$563,304.

Permits issued by Arthur Wright, building inspector and P. M. Swart, deputy city engineer between June 14 and June 21, were:

Corrine Cook, 323 Calle Encillia, remodel, \$400.

O'Donnell Golf Club, 501 Chino Drive, garage, \$4100.

Bullocks Palm Springs, 163 North Palm Canyon Drive, alterations, \$500.

L. Patrick Martin, Calle Palo Fierro, 5-room dwelling, \$4500.

Coffee Shop, 153 North Palm Canyon Drive, enlargement, \$2,000.

Desert Inn, 153 North Palm Canyon Drive, repairs, \$500.

Tahquitz Vista, 418 South Palm Canyon Drive, remodel, \$100.

Dr. James E. Potter, 355 San Carlos Road, garage, \$700.

Kin of Village Resident Passes

The Rev. Robert M. Hogarth, vicar of St. Paul's Episcopal church here, received word this week from Mrs. John S. Snyder of the death of the latter's mother, Mrs. Helen Phelps Cortwright at Okmulgee, Okla.

Mrs. Snyder was for many years a home-owner here and for the past two seasons resided at the Desert Inn on her winter stay in Palm Springs.

Her home is in Crawfordsville, Indiana.

Mr. and Mrs. Asbury In Utah for Summer

Mr. and Mrs. Joseph L. Asbury closed their home at 422 South Belardo Monday and left for Fish Lake, Utah, for the summer months where Mr. Asbury plans to put in a lot of time on the lake, fishing.

They will return to Palm Springs in October.

Mr. and Mrs. Barton J. Bridgeford, 233 Camino Alturas, are spending the summer in Costa

Romance, Delayed By War, Climaxed At Wedding Rites

Marriage of Miss Sally Ross of Cucamonga, to 1st Lt. Donald B. Hettle of the Torney General Hospital patient detachment, was performed last Friday at the home of the bride's parents, Mr. and Mrs. Welles T. Ross, 98 Red Hill Road, Cucamonga.

Miss Ross was attended by her sister-in-law, Mrs. Ellen Gebbie and Lt. Hettle by Major Kenneth McGeorge.

Lt. and Mrs. Hettle met when both were students at the University of Arizona, and announced their engagement shortly before Lt. Hettle went overseas to serve with the 1st Armored Division in Italy.

In May, 1944, Lt. Hettle won the Bronze Star medal for gallantry in action, when, under heavy fire which prevented his tank battalion from establishing contact with a column on its flank, he left his tank and in the face of a terrific enemy barrage, performed the mission alone and on foot. A week later he sustained serious injuries. Early in April the decoration was presented to him at Torney General Hospital.

Last November, Lt. Hettle arrived at Torney for extended treatment and early in January, Mrs. Hettle a graduate dietitian, accepted employment there. Lt. Hettle is the son of Mr. and Mrs. J. M. Wallace of Long Beach, is a graduate of Woodrow Wilson high school there and was a business administration student of Arizona before reporting for army duty four years ago.

For the duration of his hospitalization, he and Mrs. Hettle will maintain an apartment at the Desert Retreat.

Mary Rasch and Helene Hayes left yesterday to spend the next three months in La Jolla, in San Diego county.

Portrait of the Week

By BERNARD
of Hollywood

Pvt. Ruth McGregor, pretty brown-eyed Wac in the detachment at Torney General Hospital. . . . She enlisted in Denver, Colo., and after initial training, was assigned to Torney General Hospital several months ago. . . . She enlisted soon after finishing school but did find time to do some modeling in between times. . . . she loves out-door sports of all kinds and dancing. . . . but right now says her main interest is in the service and doing all she can to help get this war over with.

State Funds Will Be Used for Road Building Program

A three-year \$25,000,000 program of local road construction in California will start as soon as war restrictions of use of materials is lifted, State Highway Engineer George T. McCoy said yesterday in Sacramento.

The program is authorized by state appropriations totaling \$12,000,000 signed Wednesday by Gov. Earl Warren and by federal authorization of over \$13,000,000 for spending on secondary roads. McCoy said the program is unprecedented in that state money has not previously been allowed for local roads. Also, federal aid funds usually have been used on secondary state highways.

The money, under the state bills, is divided among the counties one-third on basis of area, one-third on basis of rural population and one-third on the basis of mileage of post roads within each county.

McCoy emphasized that the federal funds only have been "authorized" and a congressional appropriation for each of the three years must be made.

Under federal law, the state public works department must supervise all construction but may contract with county engineers for preparation of plans and specifications.

Allocations to five southern counties are as follows:

County	Total
Riverside	\$ 983,294
San Bernardino	1,658,941
Orange	44,265
Imperial	759,912
San Diego	644,765

Engagement of Village Girl Is Announced Today

Mrs. Mollie Weaver today announced the engagement of her daughter Undine, to Staff Sergeant S. J. Wessel, of the Fifth Operational Training Unit, Palm Springs Army Air Base. Date for the wedding has not yet been set.

The bride-to-be had been a Village resident for the past 12 years. She is at present on the staff of the Palm Springs Water company.

Sgt. Wessel, formerly of Milwaukee, Wis., where he was an interior decorator, has been at the local air base for almost two years.

Village Youth is Honored at Lodge Rites at Riverside

Richard Lewis Moseley, son of Mr. and Mrs. Herschel (Hutch) Moseley, of the Village, and Robert Russell Miller of Banning, both members of the Palm Springs chapter of the Order of DeMolay, received the DeMolay degree at ceremonies at Riverside, Tuesday night, attended by a number of representatives of the local chapter and Masonic lodge.

The two local members participated with a class of eleven, composed of candidates from Redlands, San Bernardino and Riverside.

DADS PRESENT

Invitation to the local group was extended by the Riverside chapter, hosts for the occasion.

The meeting was well attended by Masons from nearby communities; many fathers being present to see their sons initiated. The delegation from Palm Springs was headed by Bryson Amos, Frank Winteron and Chester Hooper. Bob Hann, a charter member and chaplain of Palm Springs chapter, who recently joined the Navy and is home for a few days "breather" before reporting for active duty, was also present.

IMPRESSIVE RITES

W. O. Mackey, Chapter Dad of Riverside, officiated as master of ceremonies for the evening. For the first Degree Master Councilor Leonard Kirkpatrick of Riverside presided. The Second Degree work was splendidly exemplified by the Riverside Degree team in full costume. For this section, Past Master Councilor Lem Boughner of Riverside presided.

The guest of honor was Sergeant Dykes, a member of Riverside chapter who has just recently returned from two years overseas duty in the European theater of war. Riverside chapter now displays upwards of 50 stars in its service flag, four of which are golden.

Mr. and Mrs. Ward Summer in Banning

Mr. and Mrs. O. M. Ward will spend the summer in Banning at their home on Banning Heights.

Ward's Photo Shop, 392 North Palm Canyon Drive, will be open Tuesdays only, during the summer months.

Sawing Beef

The guest was busy sawing on a steak, and a difficult time he was having. "Is it tough?" queried the waiter solicitously. The diner was exhausted. He turned to the waiter with defeat in his eyes and said: "When I order beef and get horse, I don't care. But the next time take the harness off before you start serving."

For Rent

Beautifully furnished small colonial home. For summer only. Thoroughly air-conditioned, complete in every detail.

\$175.00 a month

Also several rooms with private bath for rent without air-conditioning — \$40 a month each. For summer only.
